

A SPOTLIGHT ON SOME VALUED PROFESSIONALS

BY MARAL JOHNSON

This is the 3rd in our continuing series of spotlight articles on our hard-working Kenmure Security Officers. Something that not everyone may realize is that although the Security Officers are the gatekeepers for the entire Kenmure community, they are not employees of Kenmure Country Club. The Officers salaries are paid for by every Kenmure homeowner and lot owner via the KPOA annual assessments. Residents were recently reminded that per long standing KPOA Rules and Regulations, Gate Access KSC-04, "Residents may wish to allow certain family members, friends, or regular service employees to pass through the Front Gate to visit them at any time. They must enter this information (permission) into the Gate Pass system." Updated instructions were sent to everyone with a valid and active email address and as always, are also available on the KPOA website. Any questions regarding that matter should be directed to members of the Kenmure Security Committee.

As a reminder, our diligent and dedicated guards not only work to verify passes for every single vehicle that enter through our gates (both the Kenmure and Argyle gates) every day (appx. 1,100 vehicles every day, about 20,000 bar codes each month). They also work hard to keep our community safe. This month, we are featuring 4 more of our Guards we'd like our community to get to know better.

OFFICER PROFILE OF MICAH BURROUGHS

Micah was born in Richford, New York and started working at Kenmure on July 30, 2016. Not only is Micah the longest tenured Security Officer working at Kenmure, having worked here for 8 years, Micah is also the Kenmure Security Site Supervisor. Micah's past work experiences include: a construction supervisor for water and sewer lines, handyman for CB construction, and Senior Game Advisor at GameStop. His outside interests include spending time with my family, cycling, sports, coaching, games, and chess sets.

I've responded to many memorable events over the years, more than I can count. Some of them are heartbreaking, but some warm your heart because you can see how much this community cares for each other. I've borne witness to loved ones caring for each other through thick and thin, and through their journey to recovery after an accident.

I love many different locations in Kenmure, but the views from 121 and 123 Berry Creek Drive, both with views of the mountains, are one of the best. I'm sure there are so many other amazing views that I have yet to discover, but I'm able to enjoy this particular view from our patrol vehicle.

My favorite part of the job is that I feel like I'm a part of this community. I care about the people and they care about me. I've shared a lot of my life with a good number of you, and vice versa. I love to know how everyone's family and friends are doing and to check in with each of them quickly as we interact during their comings and goings.
